If time presses late on, then only one run from two attempts at the last course will count. To be classed as a finisher, a competitor must start at least two runs at all courses bar one: i.e. if there are four courses, a finisher must attempt at least two runs of each of the first three.

Due to the Airfield being an active airport, the use of radios at the marshal locations may not be possible. In the event that this is the case alternative methods of visual communication will be made between the marshals and the timekeepers. This form of communication will be demonstrated at the driver's briefing.

- a) All competitors are advised to walk each course before the timed runs start for that course
- b) No practicing will be allowed.
